

Scope & Topics

International Journal of Recent advances in Mechanical Engineering (IJMECH) is a peer-reviewed, open access journal that addresses the impacts and challenges of Mechanical Engineering. The journal documents practical and theoretical results which make a fundamental contribution for the development of Mechanical Engineering

This journal aims to bring together researchers and practitioners in all Mechanical Engineering aspects, including (but not limited to):

- Operations Management
- Logistics and Supply Chain Management
- Reliability and Maintenance Engineering
- Total Quality Management and Quality Engineering
- Artificial Intelligence and Expert Systems
- Non-Traditional Machining processes
- Machinability of Materials, Composite Materials
- Tribology
- Design Tools, Cutting Tool Material and Coatings
- Energy Conservation, Renewable Energy Techniques

- Fluid Dynamics, Bio-fuels, Fuel Cells
- CAD/CAM, Automation & Robotics

Paper Submission

Authors are invited to submit papers for this journal through the [Submission System](#). Submissions must be original and should not have been published previously or be under consideration for publication while being evaluated for this Journal.
