Mark Jerome Gombio

Labor proficiency test score

Responsibility

They dedicate time outside of working hours to improve their work.

Self management

They generally know how to make good use of their time and fit everything in.

Leadership

They consider themselves to be charismatic and in group work people usually listen to them more than others.

Motivation

A competitive work environment can hamper their performance.

Social Intelligence

They look after their personal appearance and are usually capable of adapting their behaviour to get along with people.

Autonomy

They usually feel comfortable sharing decisions about their work.

Arbitration

They try to prevent the formation of extreme stances in the group.

Cooperation

They feel involved in their teamwork and they show trust in team members.
